ABOUT THIS REPORT

THE INFORMATION IN THIS REPORT IS EMBARGOED FROM PUBLIC DISCUSSION UNTIL 26 OCTOBER 2006

Music Board Meeting of 18-21 September 2006

This report provides a context to the assessment of project applications submitted to the Music Board on 1 June 2006. It provides some statistical analysis of the results of the grant round and general comments made by the Board during the assessment of applications.

The Music Board held its assessment meeting over three days from 18 to 21 September 2006, considering applications received under the following grant categories: New Work; New Work (New Media); Presentation and Promotion (General); Presentation and Promotion (Recording); Skills and Arts Development (Individuals); Skills and Arts Development (Organisations); Skills and Arts Development (New Media Residency); Fellowships and Project Fellowships. The Board also considered nominations for the Don Banks Music Award 2007. The recipient of this prestigious award will be announced later this year.

ATTENDANCE

Dr Graeme Koehne (Chair) (SA) is Head of Composition at the Elder School of Music, University of Adelaide. He has been commissioned by some of the major performing arts companies in Australia, including the Australian Ballet, Queensland Ballet, Sydney Dance Company, Musica Viva Australia and the State symphony orchestras.

Carol Day OAM (Deputy Chair) (WA) is founder and Chair of Western Australian Youth Music Association, has extensive management experience in the arts and in government, and is a consultant specialising in strategic information research.

Father Arthur Bridge AM (NSW) is the founder of Ars Musica Australis, an organisation committed to the development of the performing arts for young people. He has a special interest in chamber music, orchestral music, community and youth music and the creation of new work.

Barbara Jane Gilby (ACT) is a violinist with experience as an orchestral player, soloist, chamber musician and teacher. Appointments have included positions with orchestras in Germany and fifteen years as concertmaster of the Tasmanian Symphony Orchestra. Barbara is Senior Lecturer in Violin at the Australian National University School of Music. She is violinist with the Trigon Ensemble and appears as a guest with orchestras throughout Australia. Barbara has served on music panels for Arts Tasmania and the ACT Cultural Council.

In recent years, his work has been presented at venues such as the San Francisco Museum of Modern Art, Experimental Intermedia in New York City, and the Seoul International Performance Art Festival. Julian also has a background in popular music, having been involved in the Australian and UK independent music scenes from the late 1980s onwards. Julian is Professor of Music and Head of the School of Music and Drama at the University of Wollongong.

Paul Petran (Vic) studied classical guitar and graduated from La Trobe University with a Bachelor of Arts (Music major). He started working with ABC Radio in 1980. During his more than twenty years' work with ABC Radio as a music producer, he has produced in excess of 1,000 recordings for broadcast and presented regular music programs since 1986. Paul initiated *Music Deli* in 1986, a program that continues to this day and has become an influential part of the Australian music scene. Also, as part of his ABC work, he has produced over 60 public concerts around Australia. Two of the albums produced by Paul have won ARIA awards- *Womadelaide 1996* and *Mara! CHAIR'S COMMENTS

This assessment and policy meeting could be considered a cornerstone for the future work of the Music Board as we welcomed the first round of new media applicants and considered independent consultant Derek Watt's Key Infrastructure Research. This commissioned research establishes the operational and financial state of the Music Board's key infrastructure, defined as those organisations currently in receipt of triennial or annual operational funding. The research has also provided the Board with details of the creative contribution of these organisations, and will assist us in determining the best funding model for each of the key infrastructure organisations in the future.

For the assessment of new media practice within the Music Board, the Board received an additional budgetary allocation of \$179,000 from the Australia Council in 2006 for the New Work (New Media) subcategory and the ABC Radiophonic Residency.

While application numbers to the Music Board have increased overall from recent project rounds, applications involving new media practice were fewer than anticipated. The Board encourages new media artists to take advantage of the creative and presentation opportunities available in coming rounds. A number of research and creative projects were supported in this round, some with significant real or virtual performance outcomes.

I would like to draw your attention to changes to the Music Board's grant information in the Australia Council's 2007 *Support for the Arts Handbook*. One such change outlines the Music Board's response to the relevant recommendations of the National Review of School Music Education, a critical review for the development of future music artists and audiences. In 2007, the Board will use its Skills and Arts Development (Organisations) category to support projects that engage school students with music and professional musicians in their community. Further details and other changes to note are highlighted later in this report.

My thanks to applicants for the generally high standard of projects submitted this round, to my hard working and committed colleagues on the Music Board and our participating advisers. For the assessment of the ABC Radiophonic Residency the Board thanks Robyn Ravlich, Executive Producer, ABC Radio National for her contribution to the discussion.

The Board also acknowledges the contribution by those organisations that provided consultant Derek Watt with valuable quantitative and qualitative information. This will assist a greater understanding of the sector from a creative, operational and financial perspective.

My colleagues and I look forward to the many outcomes from this round of assessment and policy decisions.

- Project applications should be succinct. In some cases, too much unnecessary detail adversely affected the quality of the application.
- **New Work (New Media):** The Board commented that both the number of applications, and the overall standard, was lower than anticipated for this new subcategory. There may be some confusion in the field about what constitutes a New Media project. Some applicants in the category were not proposing a New Media project and were therefore unsuccessful.

Both creation and associated performance outcomes are eligible under this subcategory. We encourage applicants who are unsure of whether their project falls into area of new media arts practice to contact music staff to discuss their project before submission.

- **Co-funding:** Where possible, and particularly with larger project budgets it is advisable that applicants seek funding from a number of sources, and show this clearly in the budget pages. In some cases the amount requested on page 2 of the application did not reflect the amount requested in the budget.
- **Confirmation of key artists** is critical to the assessment of the feasibility of the project. Key artists need to be listed within the page limits of the biographies section.

- **Supporting material:** Nominated CD tracks, DVDs or other key required supporting material should be directly related to the project.

Changes to note in the Music Board's grant information for 2007 include:

- **Skills and Arts Development (Organisations)** subcategory: Applications will be accepted for projects that engage school students with music and professional musicians in their community. The Board is encouraging partnerships that provide quality musical experiences for a wide range of students. This is in response to recommendation 12.3 of the **National Review of School Music Education**, that professional music organisations, in partnership with their funding agencies,

...develop, extend and sustain music programs for schools, exploring partnerships that engage students with music in their community. [S.12.3]

Individuals and groups may still continue to apply for skills development projects through the Skills and Arts Development (Individuals) subcategory.

- **New Work (General):** The Board will also consider **arrangements, including piano reductions of existing Australian works**, as a valuable opportunity to encourage performance and publishing opportunities for Australian composition.

INITIATIVES AND PARTNERSHIPS

International Pathways

This highly successful program continues in 2007 as a partnership with Community Partnerships and Market Development. The program offers support for international touring and market development. Guidelines for 2007 will be available shortly on the Australia Council website.

Australian Children's Music Foundation - Music for Disadvantaged Youth program

In 2004, the Music Board invested in the ACMF's music program for young people in the Quamby Juvenile Detention Centre, ACT. The Australia Council has now committed funding for two further years of the Quamby program, as well as three-year music programs in two other juvenile detention centres.

Company Development

Three organisations, Music NT, Synergy and the Youth Orchestras Australia network, have been granted funds from Council's Company Development pool.

National Jazz Forum

The Music Board will convene a forum at the Wangaratta Festival of Jazz in November 2006. Jazz presenters and service organisations funded by the Music Board will meet to consider how best to deliver their services and artistic product via national touring, networking and the web.

Guidelines for Music Composition Rates

Updated guidelines for music composition rates will be available on the Australia Council website in early 2007. These revised rates represent the Music Board's contribution to composer fees.

STEPS IN THE ASSESSMENT PROCESS

BEFORE THE MEETING

Staff check eligibility and register applications on Council's computer database. You will receive a letter acknowledging your application with an application number and staff contact for your reference. Staff analyse the statistical information provided by applicants to help Council measure the effectiveness of its grant programs. Staff prepare applications and support material for the Board assessment meeting. Applications are made into booklets and sent to Board members. Peers are invited to participate as advisers to the Board at the meeting bringing additional expertise and perspectives to the assessment process. Staff also check and manage any conflicts of interest that Board members and peers have with applications and study the applications in order to provide information to the Board as required (see below *).

AT THE MEETING

ASSESSMENT

Board members assess your application against the published selection criteria. Board members may examine support material at the meeting or by prior arrangement.

Board members may also take into account information from other sources such as:

- their attendance at performances and other events;
- reports from members of the Register of Peers who may be asked to provide formal assessments of designated works;
- reviews, videos and recordings, referee reports and other material;
- any previous Australia Council grant acquittal reports and performance agreements you may have had; and
- communication with State and Territory agencies.

Boards may decide not to fund the application at the level requested. While your application may meet the stated selection criteria, this does not guarantee you a grant. The Australia Council receives many more applications than it can support. The success of your application must rest ultimately on the merits of your proposal against published criteria and in competition with all the other applications considered for funding.

NOTIFICATION OF DECISION

All applicants will be notified of the Board's decision by mail during the month indicated in the Handbook and the application forms. Information about grant decisions will not be released over the phone.

IF YOUR APPLICATION IS SUCCESSFUL

If your application is successful, you will receive a letter of agreement offering you a grant. This letter outlines the terms and conditions of the offer. Payment of a grant will not be made until you have accepted the conditions by signing and returning the letter of agreement.

ACQUITTAL OF GRANTS

Acquittals are the artistic and financial reports that you must provide after completing your project. Acquittal reports enable the Council to fulfil its obligations of accountability as well as allowing us to learn about the success or otherwise of your project. These reports are a valuable way for you to contribute to the policy development work at the Australia Council.

**Staff do not make funding decisions. Staff provide information and advice to Council, Boards and advisory bodies to assist their determination of policy and assessment of grant applications. Staff also provide information to potential grant applicants and administer the Australia Council's grant programs to enable a simple, fair and efficient assessment of applications.*
